

ATTESTATION OF COMPLIANCE WITH REGULATION (EU) 2025/40 (PPWR)

COMITRONIC-BTI, having its registered office at 14 Rue Pierre Paul de Riquet, 33610 Canéjan, France, hereby certifies that all packaging suppliers currently used for the packaging of products shipped by COMITRONIC-BTI have provided documentary evidence confirming compliance with Regulation (EU) 2025/40 on packaging and packaging waste (PPWR).

Based on the declarations, certificates and supporting technical documentation received from our suppliers and retained in our compliance records, the packaging materials used in our current shipments - including, where applicable, cartons, cushioning and filler materials, ESD bags, adhesive tapes, labels and pallets - comply with the applicable requirements of the PPWR.

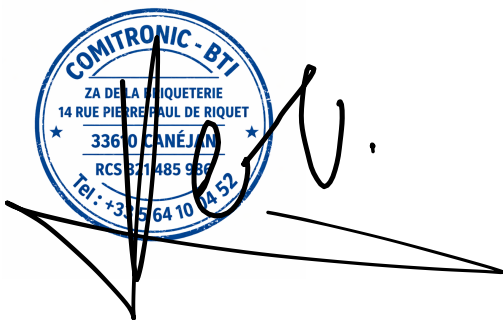

- material composition and applicable restrictions on substances
- packaging minimisation requirements
- recyclability and design-for-recycling requirements, maximum concentration limits for lead, cadmium, mercury and hexavalent chromium in accordance with Article 5(4).

COMITRONIC-BTI retains the supporting evidence received from its packaging suppliers. Relevant documentation can be made available to customers or competent authorities upon justified request, subject to applicable confidentiality obligations.

This attestation is issued in good faith on the basis of the compliance documents provided to COMITRONIC-BTI by its packaging suppliers and applies to the packaging materials covered by those documents, provided that their composition and technical specifications remain unchanged.

Issued in Canéjan, France, on 5 October 2026
